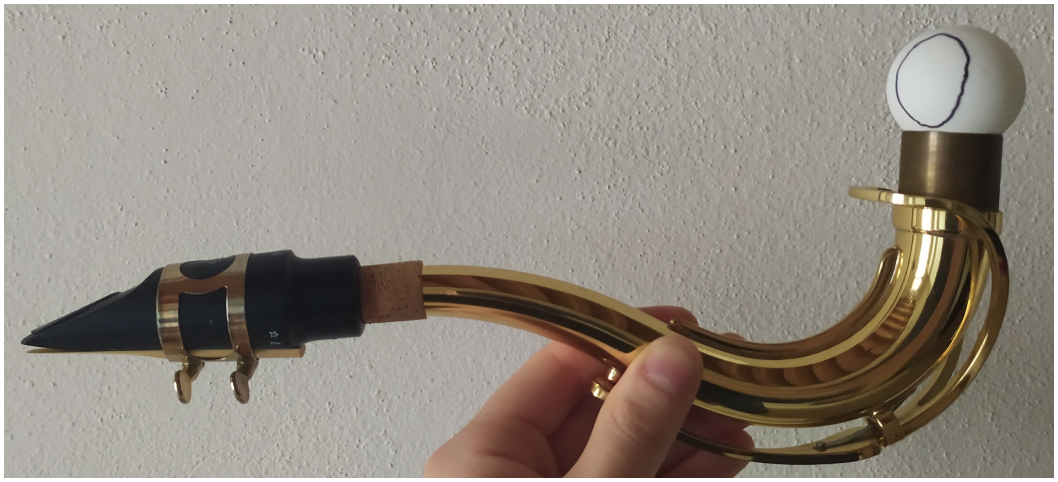
Neck and Ball

for 2 tenor saxophonists and ping pong balls

Get a ping pong ball.

Write **0** and **1** on it (opposite sides).

Place the ping pong ball on the end of the saxophone neck.



<u>Section 1</u>
(for 1 saxophone player)

Blow into the mouthpiece making the ball move and:

- if you see **0** blow softer
- if you see **1** blow harder

React immediately to the instructions on the ball.

The section lasts from 2 to 3 minutes.
In case you cannot blow harder or in case you cannot blow softer, stop.
In case the ball falls, stop.

<u>Section 2</u>
(for 2 saxophone players)

Each saxophonist reacts to the ping pong ball of the other saxophonist.

Blow into the mouthpiece making the ball move. Start from a regular breath and:

- if you see **0** blow softer
- if you see **1** blow harder

React immediately to the instructions on the ball.

The section lasts from 2 to 3 minutes.
In case you cannot blow harder or in case you cannot blow softer, stop.
In case the ball falls, stop.
